“ A great spinnaker run down the length of the Solent, the guests were smiling, there was a great rapport on board. Even the sun was shining. Fantastic! ”

## MOD 70 - CONCISE 10

Hitting maximum speeds of 40 knots and flying a hull in as little as 10 knots of breeze, Concise is one of the fastest sailing boats in the world.

Being a trimaran, Concise has plenty of space to experience the thrill of this powerful machine. It is licensed by the MCA for up to 6 guests at a time with all safety equipment provided.

Sailing a boat like this is the equivalent of being in a Formula One car, a once in a lifetime opportunity.

Paul Larsen holds the sailing world speed record of an incredible 65 knots. He is part of the Concise race team and may occasionally be available, and to talk about his experiences.
