Each charter is completely bespoke:

- ✓ The best corporate day... up to 40 guests and excellent value
- ✓ An intimate private cruise entirely built around YOU
- ✓ Weddings, anniversaries and celebrations... memories are made of this

Rum Jungle is far and away the most luxurious and beautifully run motor yacht available for charter from the UK. Whether a romantic cruise for two or a day out for 40 guests, you can be sure of the highest standards of seamanship, service and cuisine.

She is a stunning, classic gentleman's motor yacht with a bright white hull and crisp lines. She has expansive deck spaces and comfortable entertaining areas making her a perfect choice for a special event. She is elegant, refined and her crew demonstrate a passion for service of the highest quality.

One of a Kind

Rum Jungle is entirely custom built but she was designed from a Nelson hull (the same as a number of military and pilot boats) making her an incredibly strong and safe boat of **23m/75ft in length**. The original owners took ten years to design and build Rum Jungle and it shows - a huge amount of thought and love have gone into the clever layout, entertaining spaces, delicate joinery and perfect finish which is upheld today.

Professional and Safe

Over 5,000 guests have enjoyed Rum Jungle's famous hospitality over the last 13 years of operation. Most charters come from repeat clients, a tribute to the experienced team of chefs, stewardesses and deck crew.

Maintenance is to the highest standard both for comfort and safety. It is underpinned by regular MCA inspections and certification.
